MLJ: To use mental addition strategies to add two numbers.

Solve the following using mental strategies.

$123 + 9 =$

$167 + 9 =$

$289 + 19 =$

$346 + 11 =$

$124 + 19 =$

$235 + 19 =$

$654 + 99 =$

$367 + 99 =$

$435 + 99 =$

$546 + 99 =$

$342 + 101 =$

$523 + 199 =$

Use mental strategies to solve the problems below:

Add one hundred and fifty to ninety nine .

Ninety-nine plus nine is the same as saying one hundred add eight.

Joe is 19cm taller than Greg. Greg is 153cm tall. How tall is joe?

To three hundred and sixty seven add one hundred and ninety nine.
