MLJ is to write a story map

You are going to create a story bridge!

Remember to include the following

Setting - where does he live? What type of dragon is he?

Problem 1 - 6 thinks the dragon eats

Problem 2 - what does he set fire to?

Secret object - what will he be scared of?

The end! - How is the dragon tamed?

You can include pictures/illustrations if you would like!

Remember to use adjectives to describe your sub-headings

For example

Setting - The huge scaly ice dragon with scorched skin and long talons lived high above the trees on a snow covered mountain.
